Lubbock Area United Way

OUR MISSION: GIVING • PEOPLE • HOPE

United Way exists to address local problems by tackling the root of issues and creating longterm, sustainable solutions that benefit South Plains residents as a whole. We work together with our Community Partners (featured in this guide), nonprofit, for profit, and private sector organizations to create collaborative efforts around local problems. Our goal is to not only serve those who are in need today but to move the needle and solve problems overall.

Over our 75 year history, we've utilized our superpower of uncovering systematic problems and bringing together the community to move many needles, such as improved graduation rates, expanded access to healthcare, and an increase in the number of babies born healthy. Today, we are focused on four primary issues - ensuring everyone has access to education opportunities, combating violence in our communities, advocating for local access to quality mental health services, and creating opportunities to move households toward finacial stability.
